

ARMANDO B. SAGAYOC JR.

Back-end Developer

About Me

I am currently a second-year Bachelor of Science in Information Technology (BSIT) student, passionate about exploring the world of tech and innovation. I live in Malaybalay City, Bukidnon, a place I proudly call home. Born on June 30, 1998, I am driven by a desire to grow both academically and professionally as I work towards a career in the IT field.

Experience

Student Back-End Developer

BSIT Academic Projects – Malaybalay City, Bukidnon
2023 – Present

- Developed and maintained server-side logic for various academic projects.
- Designed and managed MySQL databases to handle structured data efficiently.
- Integrated APIs to ensure smooth and secure communication between systems.
- Collaborated with front-end developers for seamless full-stack functionality.
- Strengthened skills in PHP, JavaScript, and version control using Git.
- Gained hands-on experience in solving technical problems and optimizing performance.

Achievements

- Successfully developed and deployed a fully functional back-end system for a school project using PHP and MySQL.
- Recognized by instructors for clean code structure and database efficiency in IT project presentations.
- Completed multiple mini-projects focused on login systems, file uploads, and CRUD operations.
- Actively participated in school coding bootcamps and tech-related seminars.
- Consistently maintained high academic performance in programming and database-related subjects.
- Collaborated in a group capstone proposal that received positive feedback during evaluation.
